To Whom It May Concern.

It is with great pleasure that I recommend the Training Development Consulting (TDC) - South Africa team headed by Mrs. Andrea von Gleichenstein for Project Management and Teamwork Training. Mrs. Von Gleichenstein in collaboration with the Cape Peninsula University of Technology has liaised with me for the past year and trained more than 30 of our staff members by means of interactive workshops at Cederberg municipality.

The participants' feedback was very positive and they are now applying the skills acquired.

Her professionalism and her interactive training methods were highly appreciated. If you require any further information, do not hesitate to contact me.

Sincerely,
